

## Fact sheet

Packoped designs innovative e-assisted cargo bicycles redefining mobility, helping industries and individuals achieve their goals sustainably and efficiently. Not only is it designed, produced, and assembled in Sweden by a family business, it also uses premium materials like Swedish steel, wood and locally 3D-printed parts.

**Main highlights:** weight below 60kg and very easy to ride – even completely unassisted. So, you're never stranded! No helmet required, no driver's license or insurance required, no/very low age limit (Pedelec regulation).

<b>Frame/ram/Rahmen</b>	SSAB Docol Tube R8 SSAB Strenx 700 & Docol 800 <b>Lifelong warranty</b>
<b>Frame rear/bak/hinten</b>	Integrated belt tensioner
<b>Flat bed/flak/Ladefläche</b>	Ash/Birch/Spruce, ask/björk/furu, Esche/Birke/Kiefer (Swedish wood)
<b>Motor</b>	neodrives, 40Nm, 25km/h
<b>Battery</b>	neodrives, 950Wh, 48V
<b>Range/räckvidd/Reichweite</b>	50km max. assisted (300%), ca.150km with lowest setting assistance. Recuperation extends by 10%
<b>Gearbox/växellåda/Getriebe</b>	Pinion 6, 9 or 12 gears (optional Smart.Shift)
<b>Belt/rem/Riemen</b>	Gates Carbondrive Belt - CDX
<b>Brakes/bromsar/Bremsen</b>	2,3mm disc, hydraul. 4-piston + parking
<b>Suspension/fjädring/Federung</b>	Front: monomer block Rider: 40mm Limotec Vario Dropper post
<b>Handlebar/styre/Lenker</b>	IGUS + by,Schulz stem & Speedlifter
<b>Light &amp; reflectors</b>	bumm IQ-XM E (high/low beam), Secuzed E Brex (tail & brake light), reflectors, blinkers optional
<b>Protection</b>	TPU corner bumpers, metal housings, GPS tracker
